

Words from Pope Francis

In our own day, dominated by stress and rapid technological advances, one of the most important tasks of families is to provide an education in hope. This does not mean preventing children from playing with electronic devices, but rather finding ways to help them develop their critical abilities and not to think that digital speed can apply to everything in life. (Amoris Laetitia, Par 275)

Prayer to St. Joseph of Cupertino

(For success at Examinations)

O Holy St. Joseph of Cupertino, who by praying at your examination, were asked only the questions you knew, pray for me now that I too may be granted a similar favour.

In return, dear St. Joseph, I promise to help make your name known and loved.

Amen.

Prayer for students at Examination's Time

Lord, help me with my studies. Don't let me waste time and energy on senseless worry. Help me to concentrate and keep me confident when my memory is slow to recall all I need. Calm me and make me content to leave these exams in your hands and myself in your special care. May my results be as you would will them for me and mould my future according to your plan. Help me Lord. Guide me in my plans and bless all my work. I ask you this, through my friend, your son, Jesus Christ, Who is with me in his Spirit, and lives and reigns, with you, one god, ever caring and loving each and all. Amen.
