### **Islam + Catholicism**

I’ve often said that Abraham is our father in faith and is truly one respected in Islam too but Mary too is held great respect and plays an important role in Islam. The mosque in Galway opened in 2014 and it’s named “Masjid Maryam” or Mosque of Mary. There are many fundamental differences between these two great religions but in today’s situation, it’s more important to find common ground, increase our understanding and build bridges. The Quran mentions Mary and dedicates chapter 19 to Mary as “Mother of Jesus”. No other woman is mentioned in the Quran and while Catholics + Muslims believe in different things about Mary, we do agree on her perpetual virginity, her purity and holiness.

### **Carns N.S. Parents Association**

We thank everyone for their support of our fundraising venture “The Hazelwood Haunting”. We raised €20,000 in association friends of Sligo University Hospital to be divided equally. Míle buiochas! Looking forward to next year.

### **November**

The month of the communion of the Saints. We remember the dead, not only to pray for them but to give thanks for their lives on earth and to draw hope from their present life in God. The past resurrection appearance of Jesus to the apostles were to console them through the breaking of bread and explaining the Scriptures. For St. Ignatius to console was more than sympathy, it included sympathy and sensitivity and also strengthening of faith, hope + love, and giving meaning to what seemed empty. Our November is not just a feast of the dead, but of the new life they share and offer us.

### **A daily prayer for November**

*○ Lord support us all the day long  
Till the shadows lengthen and the evening comes  
And the busy world is hushed and the fever of Life  
Is over and our work is done. Then is His  
Mercy may he give us a safe lodging, a holy rest  
And peace at last.*

**Pope Francis prayer intention for November:**

That Christians in Asia, bearing witness to the gospel in word and deed, may promote dialogue, peace and mutual understanding, especially with those of other religions. "Bias" can be good – The task of listening with attention to others – especially those with whom we disagree – is an essential spiritual discipline. The "bias" of the sceptical journalist with integrity can teach us much about the world and ourselves.
