Community Games provides opportunities for children and young people aged between 6 and 16 to develop active healthy lives in a safe environment by taking part in a wide range of sporting and cultural activities. Community spirit and co-operation is at the heart of Community Games with a big focus on participation rather than winning. The Organisation believes that every young person should have the opportunity to take part in sports and art in their local community and grow up understanding the positive impact this can have on your life.
