HSE

Parents/guardians of children from 4 yrs of age and starting Primary school require booster vaccinations of 4-in-1 & MMR to ensure continued protection against dangerous diseases. 4in1 = Tetanus, Diphtheria, Whooping Cough & Polio
MMR = Measles, Mumps & Rubella.

These vaccines are free from your GP for children living in the North West. If your child has not received these two vaccines please arrange an appointment with your GP before they start school. It is never too late to catch up on missed vaccinations.

Ballisodare-based doctor, **Marie O'Donovan** is a member of the group, Medical alliance for the 8th; they call for a No vote in the forthcoming Referendum. Dr. Marie will outline her views and why she has decided to go public with this matter at our Masses on the weekend of 19th/20th May. She rejects the suggestion that the vast majority of medical professionals are in favour of repealing the 8th.

“The first few weeks of pregnancy are the most rapid in terms of development. The heart starts beating just 21 days after conception. By week 8, the nervous system is responsive. A baby can kick and leap about in the womb and suck its thumb by week 12. All this happens before the mother's bump is showing!
