**Grange and Armada Development Association (GADA)**

We congratulate GADA on a very successful 8th Spanish Armada Ireland festival. All events over the three days were fully attended, a Government Minister officially opened the Spanish Armada Interpretive Centre and another vessel of the modern Spanish Armada visited Streedagh for the 3rd year in a row. A record number of Spanish visitors arrived to the village over the three days and there were visitors from all over Ireland. The purpose of GADA continues to grow both nationally and internationally and brings Grange a little closer each year towards becoming a National Centre for all things Armada related and a noted tourism location on the WAW. The continued success of the festival is down to the generous assistance and cooperation they receive from you and the many volunteers who assisted us over the weekend. Well done everyone.
