And he is beautiful and radiant with great splendour; and bears a likeness of you, Most High. Praised be you, my Lord, through Sister Moon and the stars, in heaven you formed them clear and precious and beautiful. Praised be you, my Lord, through Brother Wind, and through the air, cloudy and serene, and every kind of weather through whom you give sustenance to your creatures. Praised be you, my Lord, through Sister Water, who is very useful and humble and precious and chaste. Praised be you, my Lord, through Brother Fire, through whom you light the night, and he is beautiful and playful and robust and strong”

**From Encyclical Letter of POPE FRANCIS ‘LAUDATO SI’ - On Care Of Our Common Home**

13. The urgent challenge to protect our common home includes a concern to bring the whole human family together to seek a sustainable and integral development, for we know that things can change. The Creator does not abandon us; he never forsakes his loving plan or repents of having created us. Humanity still has the ability to work together in building our common home. Here I want to recognize, encourage and thank all those striving in countless ways to guarantee the protection of the home which we share. Particular appreciation is owed to those who tirelessly seek to resolve the tragic effects of environmental degradation on the lives of the world’s poorest. Young people demand change. They wonder how anyone can claim to be building a better future without thinking of the environmental crisis and the sufferings of the excluded.
