ACN Ireland – week of Witness for Persecuted Christians Nov 15 – 22 2026
Global Overview – Scale of Persecution - Some 413 million Christians live in countries where religious freedom is severely violated – that's 18% or about one in five Christians.
- Hotspots of Persecution – the most dangerous place for Christians are typically countries where totalitarian or authoritarian governments restrict religious freedoms, where Islamist extremism is present, or where there are significant nationalist or tribal hostilities towards religious minorities.
- Top Countries with High Persecution Levels
1) North Korea: Known for severe restrictions, North Korea enforces heavy punishments, including imprisonment and execution, for Christians caught practicing their faith.
2) Somalia: Tribal & religious dynamics make it nearly impossible to openly practice Christianity, with Somali Christians facing intense persecution from family, community, and extreme groups.
3) Yemen: Ongoing civil war and the influence of extremist groups make it extremely difficult for Christians to live openly, with a small community in fear of death if discovered.
4) Eritrea: Known as *'the North Korea of Africa'* Eritrea severely restricts religious freedom, imprisoning Christians in inhumane conditions without trial.
5) Nigeria: Violent extremist groups like Boko Haram and militant Fulani herdsmen frequently target Christian communities, particularly in the Middle Belt and northern regions.
